

Lifting Eye Bolt & I Hook

We have a wide range of Eye Bolts & I Hook that is available in various designs and sizes. These are widely used in the lifting & chain sling systems. The Eye Bolts & I Hook are appreciated for their strong construction, functionality, durability and longer life.

We offer Eye Bolts & I Hook which include Grade 40, 63, 80 material.

Size range of Eye Bolts : 8mm to 100 mm

Size range of I Hook : ½ ton to 32 ton

I Hook

Turn Buckle & Bottle Screw

Manufactured by using the latest technology, our precision engineered range of turn buckle & Bottle Screw finds wide application in industries like container lashing and Lifting Accessories, Rigging Hardware Companies, marine industries construction companies, finished machinery manufacturers, heavy equipment manufacturers. Marked by high tensile strength, our range comes in a variety of sizes and has been widely appreciated for its durability.

Size range of Turn Buckle & Bottle Screw : 12mm to 120 mm

Features :

- High Tensile strength
- Resistance against corrosion & abrasion
- Low maintenance
- Long service life

Bottle Screw

DEE & BOW SHACKLE

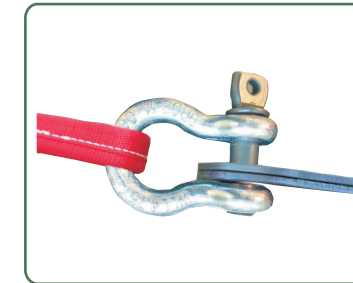

We have an assorted range of high quality Dee & Bow Shackles that comes in a varieties of sizes [12mm to 100mm/ 1 Ton to 100 Ton]. Extensively used in the Lashing industries, Lifting Accessories, Rigging Hardware Companies, marine industries, construction companies, finished machinery manufacturers, heavy equipment manufacturers, these are widely appreciated for features like high tensile strength, resistance against corrosion and abrasion and capacity to withstand temperatures. These are fabricated as per Indian Standards.

Features :

- Precision engineered
- Low maintenance
- Durability
- Long service life

DEE Shackle

BOW Shackle

Fasteners

We offer high quality forged nuts & bolts (Hot Forged Cold Forged) Studs coach screw, T-Bolts, Foundation Bolts etc. which is used in many engineering company, We offer above fasteners in any metal shape & size as per Indian Standard and any stand.

Nut Bolt

Studs

Our organization is one of the principal manufacturers and suppliers of Eye Bolts, Turn Buckle, Alloy Steel Chains, Dee Shackle, Bow Shackle, These are manufactured and tested as per the IS standards.

The products are acknowledged for the following features

- Precision engineered
- High tensile strength
- Capability to withstand extreme temperature
- Resistance against corrosion & abrasion
- Low maintenance
- Durability
- Longer service life

Wire Rope Clip / Bull Dog Grip

We offer high quantity forged Bull Dog Grip, Wire Rope Clip that is used for the fixing of the loose end of the loop back to the Wire Rope. It comprises a forged saddle, two nuts and all - shaped bolt manufactured using superior quantity raw material.

Features :

- High Tensile strength
- Low maintenance
- Corrosion resistant
- Abrasion resistant

Wire Rope Clip

Bull Dog Grip

Lashing Chain & Chain Slings

We manufacture a wide range of Lashing Chains used in container and cargo Lashing, which is manufactured by latest technology from High tensile steel, as per Indian Standard.

We manufacture a wide range of chain slings for material handling. We also offer custom design, specification or drawing of the slings.

The type available with us include :

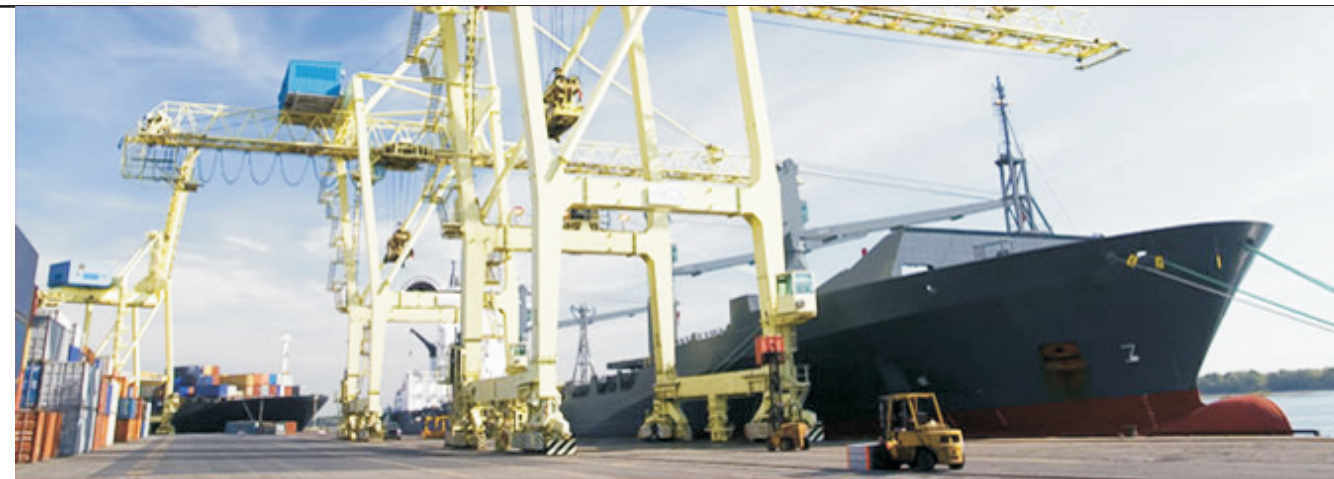

- Single Legged
- Double Legged
- Triple Legged
- Four Legged
- End Less

LOHAR FORGING & ENGG WORKS

LEADING MANUFACTURER OF LIFTING AND LASHING TOOLS....

Office : R. V. Bldg., Plot No. 8,
45/A Dockyard Road,
Mazagaon, Mumbai-400 010.
Tel.: (O) 23746985, Fax : 23709051,
Mob.: 9833072266
e-mail : loharforging@gmail.com
websit : loharforging.com

Established in the year 1956, Lohar Forging & Engg. Works engaged in manufacturing a wide range of Lifting & Lashing tools (manufactures as per IS Standards). The products comprise Lashing Chain, Link Chain, Eye Bolts, Turn Buckle, Dee & Bow Shackle etc.

Lohar Forging & Engg. Works Lifting & Lashing tools, link chains are made from tested high quality material like mild Steel, 8620 Alloy Steel, Grade 80 as per custom design, specification or Drawing.

"We aim to become a
preferred supplier
for our products with
quality & timely delivery."
