### **Career Objective :**

To work with a challenging position in a high quality engineering environment where my resourceful experience and academic skills will add value to organizational operations.

### **Academic Details :**

- Secondary school [2011] with aggregate of 65% from Jvic mehnajpur azamgarh
- Senior secondary school [2013] with aggregate of 65% from Jvic mehnajpur azamgarh
- B.tech(mechanical engineering) [2018] with aggregate of 67.76% from Aktu Lucknow

### **Project Details :**

**Title** : 3D loading and unloading mechanism  
**Description** : 3 dimension loading and unloading mechanism with manual pneumatic piston cylinder arrangement for various system according to self adjusting direction with manually operated suitable area  
**Duration** : 6 month  
**Role** : Project trainer  
**Team Size** : 6

### **Field of Interests :**

- Automobile, lean manufacturing and, QA, QC

### **Skills :**

- Mechanical system working analytical approach

### **Industrial Exposure**

#### **Industrial Visit at:**

- Ice plant (refrigeration system maintenance and working)
- Refrigeration system maintenance and working as well as industrial cooling system and water processing unit and industrial visit where learning how to purify water and refinements

#### **Inplant Training at:**

- BPCL Allahabad
- Learning about reciprocating compressor and pump and various programming and automation, CNC machine

### **Curricular Activities :**

- Football team player , debate competition

### **Strength & Hobbies :**

- adoptable, intuition, self confident
- Chat with old people, watching news

### **Declaration :**

I hereby declare that all the above information is true to best of my knowledge

Date : 08/06/2018

Place : Allahabad
