

7-WALLS PACKAGING

Efficient Packaging

ONE STOP PACKAGING MANUFACTURER

Our Mission & Goal

- ▶ To become the **one stop packaging solution** from every industry to each individual's needs.
- ▶ To address the packaging requirement of each and every individual to deliver **best quality product** with excellent customer experience.

Who we are?

- ▶ Rich lineage and **expertise** in printing packaging, Heavy Duty Packaging Boxes, Paper Pallet, wooden pallet, Plywood Pallet & Paper Bag Etc.
- ▶ Have two 5 Ply and one 7 Ply automatic corrugation machine lines with total capacity of **7000 MT/ month**.
- ▶ Total corrugated box Manufacturing capacity of **3.5 lac boxes / Day**.
- ▶ Total Paper Bag manufacturing Capacity of **30 lac bags/Month**.
- ▶ Top-end technology - **2 and 3 Layer Blown Film Plants** for poly film production.
- ▶ Total Poly film manufacturing capacity of **300 MT/Month**.
- ▶ Can produce all types of corrugated box on our high speed corrugation lines.
- ▶ Total Experience of **40 Years** with current group turn over of more than **160 Cr** in shipping packaging materials.

7-WALLS PACKAGING

Manufacturing Station

In-House Quality Testing Capabilities.

- Electronic G.S.M Tester
- Cobb Tester
- Puncture Resistance
- PH Determination
- Thickness Caliper Gauge
- Weighing Scale
- Bursting Strength
- Edge Crush Tester (E.C.T)
- Ring Crush Tester (R.C.T.)
- Flat Crust Tester (F.C.T..)
- Box Compression Strength
- Tear Tester
- Moisture Tester

7-WALLS PACKAGING

7-WALLS PACKAGING ADVANTAGE

- ▶ We are manufacturer of boxes, poly bags and other packaging materials which covers 70-80% of your packaging material requirements.
- ▶ We can be an Aggregator with manufacturing capabilities covering max of your requirements
- ▶ Multiple warehouses will enable efficient execution of orders
- ▶ Enough capacities to be dedicated towards your requirements
- ▶ Easy for buyers to order all packaging materials from one place and can reduce logistics cost
- ▶ Can dedicate one team to manage all of your requirements can provide one point of contact for all coordination

7-WALLS PACKAGING

Our Four Pillar

Cost

- Multiple item sourcing from one place will save lot of shipping cost.
- Experience in VMI will save inventory carrying cost.

Quality

- High tech quality checking machines will ensure defect free supplies.
- Consistent production with top of the end technology equipment's.

Services

- One point contact for all coordination.
- Regular order status update from Pacfo online portal.

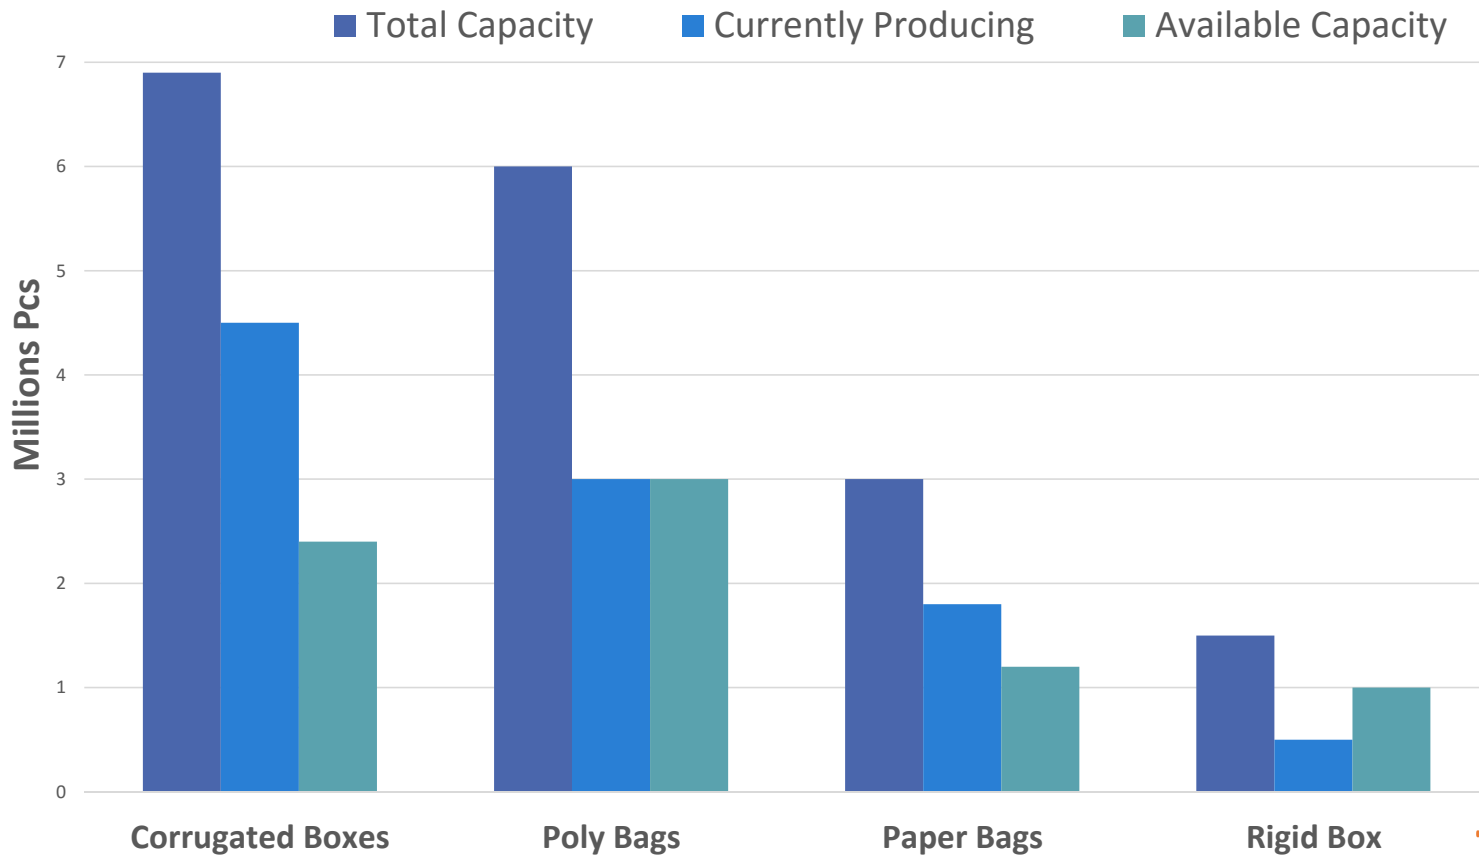

Innovations

- Ability to develop innovative packaging solutions from in-house manufacturing capabilities.

7-WALLS PACKAGING

Production Capabilities

7-WALLS PACKAGING

Corrugation Plant

Corrugation Line

Total Capacity of 7000 metric tons/month

- **Automatic Corrugation lines of 5 and 7 ply**

Flexo Printing & Slotting

Total 15000 boxes/machine/hour

- **Three Flexo Printer and slotting machines**

Folder Gluer and Stitcher

Total 15000 boxes/machine/hour

- **High-speed and well equipped with auto bundling and strapping system**

7-WALLS PACKAGING

POLY BAG MANUFACTURING

Poly Bag Making

Total Capacity – 6 Million Bags/month

- High speed tamper-proof bag making lines – High Precision

Poly Jiffy Bag Making (With Bubble)

Total Capacity – 4 Million Bags/month

- Tamper proof bubble mailer/jiffy bag making line

7-WALLS PACKAGING

Our Expertise

7-WALLS PACKAGING

Paper Bag Plant

Printing Facilities

Total Capacity – **225,000 Sq. Mtr/Shift**

- Four-color Flexo Press with deckle size of 1500 MM

Bag Production

Total Capacity : **1,50,000 Boxes/Shift**

- Fully automatic paper bag making machine with auto handle pasting
- High Precision slitting machine – precision up-to 1 mm

R&D + Quality Assurance

Bursting Factor (BF) and Ring Crush Test (RCT) Apparatus

- Paper Bag Plotter for sample preparation

7-WALLS PACKAGING

Rigid Box Plant

Rigid box Production Total Capacity – **225,000 Sq. Mtr/Shift**

- One-Fully Automatic rigid box making line with robotic arms
- One- Semi-automatic Rigid Box Making

Slotting & Cutting Total Capacity : **1,50,000 Boxes/Shift**

- Die-cutting & pasting lines and Foil Stamping

Customizations Total Capacity : **10,000 Boxes/ Hr -- 80,000 Boxes Per Shift**

- Customized fitment making machine

7-WALLS PACKAGING

Expansion Plans 2019

- ▶ Fully Automatic Rigid Boxes (Mobile Boxes) plant commenced production in Jan-19.
- ▶ Fully Automatic Shopping Paper Bag machine commenced production in April-19.
- ▶ Another mailing Bag machine planned for installation in Aug-19.
- ▶ Planned for fully integrated label manufacturing plant in 2019.
- ▶ Planned to have board converting plant in Vadodara in July 2019.
