Balaji Springs is an ISO/TS 16949 Certified Co. & Govt. of India Recognized Export house. Our Company is one of the leading all kinds of coil springs & axle parts manufacturer in India conforming to international standards. The promoters of the company are in the business of manufacturing wide variety of coil springs wire diameter ranging from 0.5 mm to 16 mm & axle parts for over four decades.

We are committed to deliver quality and cost effective Products. Balaji Springs has continuously invested in its manufacturing facilities. The ability to provide short lead-time and trustworthy Products to customers has strengthened Balaji capability to provide total customer satisfaction that too on time. While our products enjoy the 'No Inspection' status with most of our clients, Balaji has set itself some high targets in its continues effort to perfection. One of these steps is the alignment of our quality systems to achieve 6 sigma across the organization. In order to get accurate results, our products are being made from quality raw material under technically advanced expertise as well as utilizing CNC & upgraded technology.

Statistic Process Control and periodical patrolling inspection is part of the excellence & quality assurance effort to ensure that all products confirm to our customer's specifications. We are supplying too many leading manufactures of Automotive OEM Tier 1 Tier 2, Auto Ancillary Units, Agricultural parts manufacturer, Office Equipments, Electrical Equipments, Mechanical Equipments, Audio Visual Equipments & various other Industries through out the Globe.
