FABTECH

Fabricating With Technology

FABTECH INDIA Takes great pride in providing equipment that has been designed and manufactured by some of the most experienced people in the industry. Our strong and continuous growth pattern has been a result of a progressive management philosophy, providing quality equipment and an unequalled dedication to after sales support. We take great pride in being a leader in the industry. Developing new designs, utilizing the latest technology and implementing state-of-the-art manufacturing techniques will ensure our position in the industry. We are committed to excellence in every aspect of our business, from our engineering capabilities and our customer service to our manufacturing processes and personnel.

ENVIRONMENTAL CHAMBER

Temperature range - 70°C to 180° ±1°
Humidity range - 10% to 98% RH ±3%
Ramp - 0.1°C to 10°C/min

THERMAL SHOCK CHAMBER

Temperature range - 70°C to 180° ±1°
Ramp - 0.1°C to 10°C/min
Average

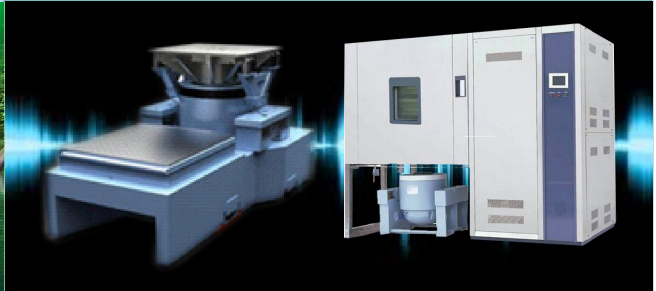

WALK IN CHAMBER

Temperature range- - 70°C to 180° ±1°
Humidity range - 10% to 98% RH ±3%
Ramp - 0.1°C to 1°C/min

VIBRATION INTEGRATED CHAMBER

Temperature range - 70°C to 180° ±1°
Humidity range - 10% to 98% RH
±3%

SST / CCT / CASS CHAMBER

- Adjustable fog regulator
- Non rusting spare parts used
- 99.9% leakage proof pipe lines and interior
- Auto daring and air purging features
- Visible fog collection setup in front of

RAIN CHAMBER

- Rotary table with adjustable RPM speed
- Full viewing window
- Showers position adjustable

DUST CHAMBER

- Full size viewing window
- Multi test program
- Cyclic timer

Common features for all

WE PROVIDES THE ADVANCE TECHNOLOGY'S FUTURES AND UPDATING TIME TO TIME

1. Micro processor based PID controller
2. Programmable Logic Controller with Human Machine Interface PLC and HMI (optional)
3. Type 1- Interior- SS 304 grade and - Outer SS 304 grade
4. Type2 – Interior – SS 304 grade and - Outer MS Powder Coated
5. Type3- Fiber-reinforced plastic (FRP)
6. Structures- MS Chanel, Squire pipes, Angles, Flats, Sheet, Glass, PVC etc.

OUR OTHER PRODUCTS

- Industrial RO
- **Industrial Ovens**
- Baking ovens
- Water Dispensers
- **DM water plant**
- **Electrical control panel**

WE ALSO DEALS IN

- **High temperature Furness**
- **Servo Stabilizer**
- Scientific lab equipments
- All related Spare parts
