MK INDUSTRIES

ISO 9001:2015 certified company with 25 years of experience in manufacturing World class precision turned components at the Lowest prices

OUR TRACABILITY-

SPECIAL PLOT M-5 & M6,
INDUSTRIAL ESTATE, NEAR BH
ROAD, S.S.PURAM, TUMAKURU,
NEAR BANGLORE, KARNATAKA,
INDIA- 572102

COMPANY PROFILE

We are **ISO9001:2015** certified manufacturers of precision turned and machined components **since 25 years**. We have a reputed client base across India in automobile and other industrial sectors. We **are trusted by top multinational conglomerates across the globe**.

Our motto is to **provide cost effective** solutions to our clients with no compromise for **Quality**. We believe in creating value to our customers by using robust manufacturing processes involving latest technological developments. The company has been growing ever since 30 years not only by capacity but also with **talented and innovative professionals** dedicated to their craft. We are proud of our **proven track record** with all our customers.

Our Quality standards and efforts for continual improvements have earned us a place as a **supplier for major manufacturers of brake and engine assemblies, fuel injectors, watches, pneumatics and electrical products**.

WHAT WE OFFER

- CUSTOMISABLE PRECISION TURNED ELECTRICAL COMPONENTS.
- AUTOMOTIVE PARTS
- CABLE ADJUSTERS
- FASTENERS
- SCREWS
- PINS AND INSERTS
- CUSHION PISTON NUTS
- THREADED NEEDLES
- MANUAL LIFTERS
- BUSHES
- SHEET METAL PARTS
- SCREW DRAINS
- MEDICAL DEVICES COMPONENTS
- COMPONENTS FOR BRAKE ASSEMBLIES, FUEL INJECTORS, PNEUMATICS & FUEL SYSTEMS.

- RIVET NUTS AND CLINCH NUTS
- SHEET METAL FASTENERS
- MOBILE CORE
- WATCH CROWNS AND COMPONENTS
- WATCH CASE PIPES AND BUTTONS
- MUSHROOM SCREWS
- BRASS INSERTS AND NUTS
- PRESS-IN STUDS
- AND ANY TURNED COMPONENT ROUND RODS & SQUARE, RECTANGLE, HEXAGON SHAPES.
- WE TURN METALS SUCH AS ALUMINUM, BRASS, STEEL /HIGH GRADE STEELS.

WHY US?

MISSION: To deliver the best in class quality at affordable prices combined with excellent customer service. A long-standing emphasis on quality products and quality service, MK industries has a understanding its customer's business and market. We know the commercial nuances and technical aspects of your market to give you quality products, customized service, and competitive pricing. Top quality parts are made faster and at less cost than other methods. Why us?

- » **Highly Competitive Low Prices**
- » **Unmatched Product Quality**
- » **Transference Business Policy**
- » **Exclusive Manufacturing Customised parts**
- » **Tamper Proof Packaging**
- » **Timely Delivery**

INFRASTRUCTURE AND FACILITIES

AUTO SHOP

We have the best machines of its kind, imported from Switzerland. The components manufactured on our machines have better finish, lower cycle time and high accuracy than that of CNC fixed head machines. This enables us to manufacture in bulk easily, and at a lower cost. Number of machines in us : **sliding head swiss auto lathes- 80 no.s (Petermann and Tornos)** we take care so these machines so are in top of the form and always deliver the best quality. We have a capacity of producing more than 20 lac components every month.

TOOL ROOM

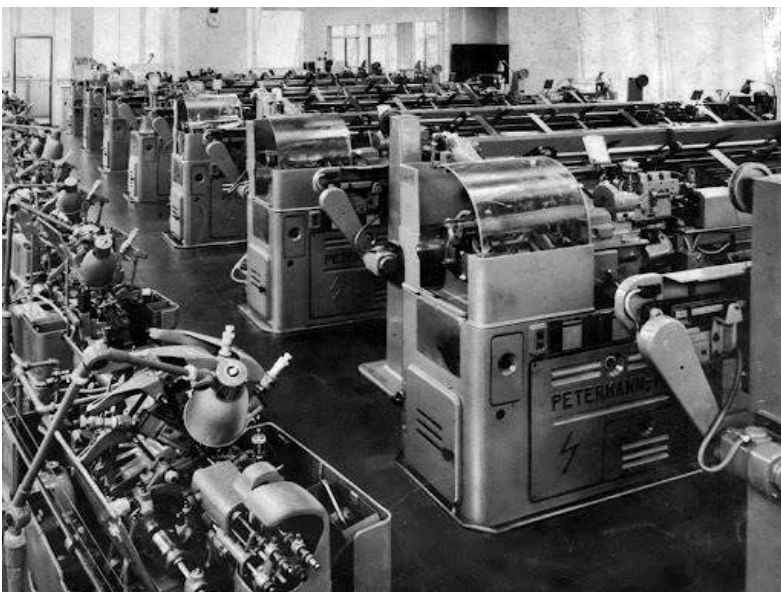

We have the best in class supporting machines for our auto production. From start to finish, we can handle a job in house which reduces the cost of manufacture. We have facilities for Cam Design, Marking, Shaving, Milling, so we are sure of the component's quality. We also boast a host of other **resources: Boring, Cylindrical Grinding, Drilling, Hobbing, Milling, Reaming, Slotting, Surface Grinding, Tapping, Threading (Customized), Tool Grinding & Lapping** for secondary jobs.

INSPECTION

The most critical aspect of a manufacturing setup - Inspection & Quality Control .We use fine instruments - **Vernier Callipers, Micrometers, Height Gauges, Microscopes** **Tool Makers Microscope, Profile Projectors** - from makes like **Mitutoyo & Nikon**, in our endeavour to attain the best quality. We use initial setting inspection, regular hourly check, final inspection & outgoing quality check.

OTHER FACILITIES

Contracted cnc turning, broaching, Heat treatment, **Surface finishing-Plating** like zinc plating, Nickel chrome plating, Black oxidizing, and much more.

QUALITY ASSURANCE

Manufacturing products of **unmatched quality** tops our list of priorities. We make strenuous efforts to maintain our standards and reputation in the market as a manufacturer of precision turned components. All our products are tested on various parameters like durability, quality and dependability that results in components that serve the purpose for a longer period. Such efforts have been duly recognized by providing us with **ISO 9001:2015** certifications. With the help of latest CAD and CAM software that enables us handling various orders efficiently. Our company follows both Total Productive Maintenance (TPM) and Total Quality Management (TQM) at our facilities. Our team of quality inspectors keeps a track on the entire production process.

OUR COMMITMENT

Our commitment is to understand and exceed the expectations of our valued customers, while delivering high quality product, services, and solutions to their most demanding requirements Successful implementation of **kaizens** and **5-S** have enabled us to achieve zero rejection at customer end. **We believe in getting it right every time.**

OUR EFFORTS have earned us a place as a supplier for **major manufacturers of brake & engine assemblies, fuel injectors, carburetors, watches, Brass fittings, pin inserts and self clinch nuts, pneumatics ,automation and electrical fittings and parts.**

We look forward to **enquires/orders** from companies of medium and large Scale sector to utilize our facilities for precision Auto turned components, so that **with your Help we can develop our business with you and help you reach further heights.**
