

1. Technical Specifications

The purpose of the Technical Specifications (TS) is to define the technical characteristics of the Goods and Related Services required by UCIL. The TS, as a part of the schedule of Requirements (SR), constitute a Contract document and are, therefore, a part of the Contract. UCIL must prepare the TS and include them as a part of the Procurement Document, as applicable to each Contract.

a) Different Types of Gear box with Motor Specification will be as follow:

Item No	Name of goods or related services	Technical Description, Specification, and Standard		The bidder shall state as Fully compliant. Partially compliant/ non compliant
		Particulars	Requirement	
1	2	3	4	5
